Otto Bin Hire / Wheelie Bin Hire

Waste Worx offers Otto Bin Hire Services (Wheelie Bin Hire) which are ideal for weekend events, exhibitions, sporting events, schools, concerts as well as office clean outs.

You can either collect & return the bins yourself or Waste Worx will deliver, setup and remove the bins after you are done with them.

Now the question arises... What do we do with the waste in the bins after our event has finished?

Not to worry, as part of an optional package deal, Waste Worx has the resources to empty the bins as an added benefit if you so require. No mess, no fuss!

If you do not wish to utilise our waste disposal service, waste inside hired bins must be emptied prior to collection or end of hire period.

One plastic liner is supplied with every bin hired. Additional plastic liners can be purchased and supplied on request. (It is required that plastic bin liners are used for the duration of the hire period.)

Prices as follows:

- Delivery & Setup Bins:- **R 350-00** (up to 30 Wheelie Bins) Larger Quantities Negotiable
